maker. Why don't you take up the slack?

Mr. + Mrs Goodman

Your son got just what was coming to him. Why dont you people mind your own business. I come from Georgia, and my mother and family still live there. We were all happy and got along with the negroes wonderful, and since these leaders and all these people from the north are coming and demanding different things, that negroes do not want, they want to live and be left alone. This Farmer he keeps saying that the white hate negroes, that is not true every body minds their own business, they keep drumming things which we know is not true. they want the negroes to demonstrate and do things they dont want to do. I wish they would leave every body alone, let us

live the way we did you know - Mr Goodman
that, when that white social worker was
killed by the negro, nobody said any thing
and when a negro punk gets killed, the
whole world is upset, how about that
white secretary that was killed in the
elevator and beaten and raped, I never
heard any more about it, the man and
wife in the clothing store, that was murdered
the two white girls, and elderly women beaten
and robbed by negro, you think its all right.
they do the right thing, but if white men
were rapping negro women, there would be
a war. I hope they turn on you, and beat up
you up some day, they are cannibals not
people
A disgusted American

My Dear Mr and Mrs Goodman
this past week I saw you on T.V.
waiting at the air port for your
sons body to arrive. I am a parent
myself and I have a 13 year old boy
and one 25. I love both of them and
I am sure you loved the one killed
in mississippi. what were you as
parents thinking about to let your
son go down there when he was
enterfering in something that was of
no affair of his? That is what
people get for sticking their nose in
other peoples affairs. you are as
much to blame as the ones who
murdered him. you will get sympathy
from some people but not from me
and I am sure you wont get any
from quite a few. I was born and
raised in the South. Virginia to
be exact and white and black always
got along very good until some of
you northern trouble makers came

down there and started trouble such
as your son and then other white
trouble maker from new york. my
advice if you have other sons or
daughters, keep them at home for if
you go looking for trouble you will
surely find it. This letter isn't a
threat but you would have your son
alive if you were the parent I am.
I try to keep mine out of trouble and
so far I have succeeded where you
have failed. you see right here in
new york and even here in new jersey
what has happened where whites have
helped blacks and you see the results.
Even some blacks are ashamed of their
~~own~~. Can you blame them, wish I
could say you have my sympathy but
you don't.

Dear Mr. & Mrs. Goodman:

While the slaying of your son is extremely regrettable and to be deplored, if you are playing with fire, as a large segment of Jews are doing in stirring up the present racial violence of Christian coloreds vs. Christian Whites, you can expect to be burned.

What do you think might happen if a large group of Mississippi whites come up to New York City and Brooklyn, protesting the muggings, rapings, murders, rioting, looting and crime of all types perpetrated by thousands of savage negroes in Manhattan, Brooklyn, Rochester and Jersey City?

Just think this over in a rational manner.

Just a Perplexed Christian
